

Puroast research

Relative Acid Content

Puroast has
70% less acid

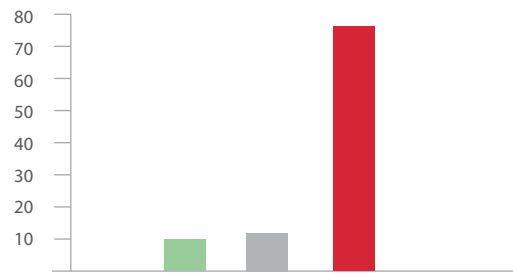

* Relative Acid %
Other Coffees
Puroast

Relative Antioxidants Values

Puroast Antioxidant Level:

7x Higher than Green Tea

5.4x Higher than Other Coffees

** Relative Antioxidant Value
Green Tea
Other Coffees
Puroast

*Relative acid levels determined by pH measure

**Relative Antioxidant Value Antioxidant value measured against BHT standard

Results of research conducted at the University of California, Davis, Department of Food Science
